Easy FUNdraising ★ ideas you can TRY...

Wear your sports shirt

Get the whole school looking sporty by challenging everyone to wear their favourite sports shirt for the day. Ask people to donate to Wooden Spoon and not only will you raise funds but you will have a great excuse to dress down for the day.

Power Pass

Organise a sponsored Power Pass event to see how many successful times you can pass the ball **without** dropping it. Ask pupils to get sponsored for each pass. The current World Record for most consecutive rugby ball passes is 279. Can you beat that?

Play in Wooden Spoon socks

Play a match in Wooden Spoon socks. Not only will you stand out on the pitch, you can ask each team member to make a donation and make a massive difference to local children.

Whatever, you choose to do, you will be helping change the lives of children and young people across the UK & Ireland with disabilities or facing disadvantage.
